HAMFEST

May 12 & 13, 2017

Boomtown Casino Hotel ● Reno Nevada

Exhibitor Information One Sheet

Event Overview

The Reno Tahoe Hamfest kicks off its first year at Boomtown Casino Hotel in Reno, Nevada. The event is hosted by the Sierra Nevada Amateur Radio Society, Inc which previously founded and hosted the Nevada State Convention (NVCON) and presently hosts the Reno Ham Swap held each Fall and Spring.

This new event will feature presentations and classes targeting amateur radio operators who recently passed and/or looking for help with getting into new modes, equipment and learning more aspects of amateur radio. Other scheduled events include a Friday BBQ, Saturday Banquet with entertainment, ham swap meet, raffle prizes and more. The event in future years will be scheduled for the first weekend of May.

The target market for the event is the greater Reno Tahoe Area along with the Sacramento Valley, Bay Area and Sierra Range communities.

The event organizers are aware of the proximity of two large events around the time frame of this event being DX Convention in Visalia and Hamvention in Dayton, OH and feel there is room for a smaller regional event.

We have available session slots available for exhibitors wishing to present their product in a 50 minute session. Contact the Exhibitor Coordinator for details.

We Thank you for your interest and hope you consider attending our great event and visit our website for updates.
